

# Diploma of Loss Adjusting

*Information for students currently completing the Diploma of Loss Adjusting*

This document is applicable for students who commenced their studies between 2016 to December 2021.

As a result of the review and subsequent endorsement of the training package by the Australian Government and state and territory governments, ANZIIF is required to update its qualifications from the FNS15 Financial Services Training Package to the new 2020 Financial Services Training Package (FNS20).

The FNS20 Training Package will take effect from 1 February 2022. If you are still partway through your qualification at the end of 2021 – i.e.: you are not able to complete your final module in a 2021 study period, these are the new updates that will apply.
