ANZIIF Education - Lifelong Learning

Learning and professional development are vital to growing careers and to achieving ongoing success. Formal qualifications enhance professional credibility and ANZIIF's education model focuses on the specific skills needed by insurance professionals to keep their skill set and knowledge up to date. ANZIIF offers a variety of professional development options to suit all levels of experience.

Skills Units

Skills Units are online, interactive short-courses based on real-world scenarios that focus on specific competencies and learning outcomes relevant to the individual's professional development needs. Skills Units can be completed in either five or seven weeks.
Visit anziif.com/professional-development/skills-units for further information.

Skills Units can be combined in various ways to achieve ANZIIF Certificates – insurance-based qualifications representing industry standards of excellence. All ANZIIF Qualifications are formally recognised, internationally portable and available for all skill and experience levels.

Short Courses

Short Courses are interactive online learning solutions that provide knowledge around specific topics, compliance and regulatory updates, or major industry changes for the insurance industry. They are crafted by the same team who develop AQF formal qualifications, which guarantees a high standard of learning.

Recognition of Prior Learning (RPL)

ANZIIF offers qualifications through RPL. This is a process of evaluating what has been learned either formally or informally and providing full or partial credit for an ANZIIF qualification. Visit anziif.com/rpl for further information.

Through the Eye of Finance - Yolanda Widjaja

According to Mrs Yolanda Widjaja, leaders can make a real difference in other people's lives, and this is the reason she has always aspired to be one.

As Chief Sales Officer for PT Sompo Insurance Indonesia, Widjaja strongly holds that being a great leader means you can contribute to industry growth – and that will bring Indonesia to the international playing field.

She is highly committed to Sompo's Insurance vision of realising a society that enjoys health and prosperity.

To that end, she is pursuing scale and diversification to further the growth and profitability of the property and casualty insurance company's products and services.

'I am also looking to build a stable business portfolio by diversifying our risk portfolio and creating more added value for our customers,' she explains.

Born in Jakarta, Yolanda Widjaja majored in accounting at Atma Jaya University and started her career as an auditor.

In 2008, she joined PT Chubb Life Insurance's newly established Indonesian business as Head of Finance.

'Building my own team, systems and procedures from the ground up at Chubb Life Insurance is one of the achievements I'm most proud of in my career,' she shares.

Widjaja's journey with Sompo Insurance began in September 2016. She was appointed Chief Sales Officer in January 2020.

'Sales and finance have always been my passion and expertise,' she enthuses.

Yolanda says she adapts her leadership style for different situations and people, depending on the circumstances and necessity.

'In general, I think it's important to recognise the strengths and weaknesses of my team and help them utilise their strengths to optimise their potential.'

She also believes that insurance companies have a duty and a calling to utilise their data and risk management expertise to analyse and predict the likelihood of disasters to minimise the associated risks.

'This way, more innovation can be implemented to promote more suitable products and services that prioritise the wellbeing of customers.'

'In the long run, I believe we can combine our risk management expertise and experience with data analytics to address social challenges.'

As a woman in insurance, Widjaja says top executives in Indonesia are still predominantly men, but this doesn't mean women do not have the required capability.

She says that when women in leadership positions can support other women and get a chance to grow, their numbers will increase.

'The many challenges I've faced over the years helped me grow and become the person I am today.'
