

You earned it. We're digitally verifying it!

ANZIIF's digital badges are a way to validate your skills and achievements *digitally*. Communicating credentials in an ever-expanding online marketplace can be challenging. That's why ANZIIF is providing its members and community with more tools to stay relevant.

We have partnered with Credly's Acclaim platform to provide you with a digital version of your credential, qualification or achievement. You can verify with employers, clients, peers and the industry that your achievements are up to date and issued by a trusted provider, ANZIIF.
