— SEMINAR —

BECOMING A LEADER

Rising Stars in Insurance is an interactive seminar and workshop, guided by a panel of leading industry professionals who will share their experiences and how they have built a successful career.

Young insurance professionals will gain insights and acquire practical skills into the various dynamics of professional development to apply in the workplace. These invaluable skills will help develop and grow their careers for the future.

The workshop will see attendees mentored by the panel to create an elevator pitch, allowing them to demonstrate the skills they have learnt. A shortlist of finalists will be selected by the panel to showcase their pitch to the audience for the ultimate winner to be determined.

At the end of the workshop, attendees will be able to:

- Employ strategies to enhance confidence into their job role
- Identify effective presentation techniques to utilise in the workplace
- Identify the importance of professional development to achieve personal growth
- Apply key leadership skills to enhance and develop their career
